Mandated Reporter Trainings

Mandated Reporter Trainings

California State Law

- CA requires all individuals interacting with K-12 students (volunteers) to complete a mandated reporter training.
- This training protects students from domestic violence, child abuse, and other harms that may be inflicted upon them outside or inside of the classroom.
- See something, say something.
- UCSD has an e-learning that will satisfy this requirement for all of you.
- **Due by EOD Sunday 2/1: Certificates submitted to the MRT form**

Mandated Reporter Trainings

Finding your Certificates

- CANRA-California Mandated Reporter
- Abuse Risk Mgmt. for Volunteers
- If you have **previously completed this training**, you can access your certificate here (recompilation optional), then submit these certificates.

The image shows two screenshots of the UC Learning Center website. The top screenshot is the homepage, featuring a banner with two people carrying surfboards at sunset, followed by a grid of six navigation links: 'Manage My Registrations (Training Schedule)', 'Assigned Training (Training Analysis)', 'Transcript & Certificates (Training Transcript)' (which has a red arrow pointing to it), and 'Find A Course (Search)'. Below this are three more links: 'Managing Your Career', 'How Do I? / FAQ', and 'Contact Us'. The bottom screenshot shows a user profile for 'ANDREW JETER' from 'UC San Diego'. It displays a list of completed activities from 10/15/2024 to 10/15/2025, including 'eCourse: CANRA - California Mandated Reporter' and 'eCourse: Abuse Risk Management for Volunteers'. Red arrows point from the text in the main content to the 'Transcript & Certificates' link on the homepage and to the activity list on the user profile page.

- Rides will be coordinated through the portal
- You can RSVP for lessons that you will attend in advance
- Once you ATTEND the lesson, you will “Sign In” for credit
- Sign Up [Link](#)
- **Due by EOD Sunday, February 1st**

The image shows a screenshot of a web page for an HKN/CSE 198 Outreach Event. At the top left is the HKN logo. To its right are two buttons: "Outreach" and "+1.5 points". The main title is "HKN/CSE 198 Outreach Event". Below the title is a location pin icon followed by "Hoover High School". A small calendar icon in the bottom right corner indicates the event is on "JUL 17". The text "Lesson: Collab Lesson -" is followed by a long Google Docs URL. It also mentions a "Quiz Link: (Please do before the lesson)" and a "Teacher: Room: If you are an Inductee, you must complete this form:" with another Google Forms URL. Below this, instructions advise ensuring you are in the Outreach Discord and updating your server name to your real name. A link to the Discord server is provided. Further down, it specifies the "Ride pickup location (Price Center Loop)" with a Google Maps URL. Finally, it states "If you are a 198 student, you must complete this form after you attend the event:" with a third Google Forms URL. At the bottom are three dark blue buttons labeled "RSVP", "Sign In", and "Generate QR Code".

Lesson Development

Lesson Dev

Criteria

- Today you will continue to develop your lesson idea
- **Lesson Criteria**
 - 1 hour for Elementary, Middle school level
 - 1.5 hours for High School level
 - **Three activities minimum** for kids to do during your lesson
 - Can use videos, pictures, printouts; be creative! Themes/colors/style/etc.
- **Content Quiz**
 - Three to four questions; simple google form for those outside your group to take when aiding in presenting your lesson

Lesson Dev Techniques

- Launch 10-15mins
 - Hook the students into your topic!
- Explore 35-40mins
 - Show them what the topic entails (activities, etc.)
- Summarize 10mins
 - Review the topic, can include a Kahoot!
- What does this mean for students? Different ages?
- How can they interact with your lesson?

Lesson Dev Examples

- FA25 | Computer Vision | [Link](#)
- FA25 | Game Development | [Link](#)
- Folder in Discord!

Lesson Dev Groups

Lesson Groups

Group 1 - Python Revamp	Group 2 - Web Dev (Portfolios)	Group 3 - Machine Learning(ish)	Group 4 - AI Ethics
Anika	Saaketh	Arthur	Aditi
Daniel	Emily	Ismail	Syd
Andrew	Caio	Adi	Kayne
