Mandated Reporter Trainings

Mandated Reporter Trainings

California State Law

- CA requires all individuals interacting with K-12 students (volunteers) to complete a mandated reporter training.
- This training protects students from domestic violence, child abuse, and other harms that may be inflicted upon them outside or inside of the classroom.
- See something, say something.
- UCSD has an e-learning that will satisfy this requirement for all of you.
- **Due by October 24: Certificates submitted to the MRT folders**

Mandated Reporter Trainings

Finding your Certificates

- CANRA-California Mandated Reporter
- Abuse Risk Mgmt. for Volunteers
- If you have **previously completed this training**, you can access your certificate here (re-completion optional), then submit these certificates.
